Acrobazia

Strength Balancing Duo: Personifying Teamwork, Trust, Strength, Performance, Power & Balance

<https://www.kmprod.com/acrobazia>

Show Description

Acrobazia is an unbelievable (6-7 min.) physical performance, staged to an original music score, that defies the laws of human possibility. Jean-Francois Martel of Acrobazia also offers his impressive **Mystic Cube** presentation, which is available alone or in addition to "Acrobazia." In 2021 they introduced their version of the "**Russian Bar**" balancing segment.

Handling with grace and agility a cube which is said to be the heaviest to have ever been used in a Mystic Cube act, this is a stunning and eloquent program addition and perfectly compliments Acrobazia's strength/balancing segment. [morelink]
