Overview:

Anthony Lindan has combined his unique experience as a corporate trainer and entertainer to create a fun and engaging team building activity – **The Magic of Collaboration** – that delivers valuable learning outcomes.

Your team creates and performs a Las Vegas Style variety show. Each act is scored by a panel of celebrity judges and the highest score wins the grand prize. Although not a million dollar contract or the prestigious Mirror Ball trophy, the winners do get bragging rights in the office!

It's friendly competition where your team members are the STARS of the show! *Everyone is a winner as participants experience the direct benefits of collaborating to achieve results! [morelink]*

ADDITIONAL SERVICES provided by Anthony Lindan:

The Power of Magic

Over the years, Anthony Lindan has participated in hundreds of trade shows and corporate events throughout North America. He practices his specialized brand of marketing wizardry on behalf of an impressive array of corporate clients - industry leaders who have come to believe in **The Power of Magic** to:

- attract and hold attention at a trade show booth or hospitality suite;
- to educate and motivate customers;
- motivate staff or a sales team at sales meetings, training events and product launches;
- entertain participants at conventions, conferences and corporate events and ...
- to have a whole lot of fun in the process!

Pure Entertainment

Many occasions call for nothing more complicated than a really good show which is exactly what the Pure Entertainment program offers in **two** magical versions. Both are lighthearted celebrations of fun and goodwill and each can be customized to carry your corporate message.

Anthony takes care of the pre-performance details and his material is always in good taste so there's nothing to plan, do or worry about.

Now, we should mention that Anthony Lindan decidedly does not fit the usual stereotype of magician-performer. There are no pesky rabbits, no flighty doves and when it comes to costume, he favors well-tailored business suits (or black tie if the occasion calls for it) over Mandrake-the-Magician capes.

Something of a chameleon, he tends to blend in ... until he starts to work. That's when the fun begins.

1. PRESENCE OF MIND - Stage Show

Presence of Mind is a 30-40 minute, cabaret style, stage magic show designed for an audience of 25-500 people. With its focus on audience participation, it's ideal for banquets, award ceremonies, sales meetings, product launches, conventions and any event where people gather to have a good time! It's a fast-moving show and Lindan gets the audience into the act right from the start (pick a card, any card). He turns otherwise perfectly normal people into human slot machines (lots of spinning, silliness and laughter); gets the boss into the act; borrows money, makes it disappear and takes the audience on a complex series of misadventures to get it back. Before you know it, it's time for the grand finale -- the hilariously frustrating Houdini-style escape. Houdini was never like this! [\[morelink\]](#)

2. MAGIC IS AFOOT! - Strolling Magic

Magic is Afoot! is a form of just-for-fun pure entertainment. Anthony strolls from location to location or table to table involving members of the audience in close-up, sleight-of-hand magic. Given his chameleon quality, it's not always easy to pick Lindan out of the crowd but you can track his progress through the room by following the sounds of amazement and laughter. Magic is Afoot! is an intimate, involving style of show that's ideal for cocktail receptions, intimate dinner parties, trade shows booths to increase visibility and awareness, awards and incentive events, and corporate hospitality suites.
