Show Description

In the words/voice of "Dr. Evil":

"Welcome to my underground lair. I have gathered before me the world's most dangerous musicians. Some of them you know. Some of them you'll meet for the first time. You and your accomplices will be placed in an overly elaborate, unnecessarily slow-moving and easily escapable device of self-destruction. Only problem is, you'll have such a deviously shagadelic time, you won't want it to stop! Oops, Mini-Me, did I just say shagadelic?! Oh well, no harm done, even my arch enemy Awesome Powers would approve. In fact, he's in the band!"

In the words of "Awesome Powers":

"Yes, that's right, Doctor Evil. When I'm not shagging, music's my bag, baby. It's where I get my Mojo. Do I make you randy? Do I? Do I? Me and my groovy lads will turn your pad into a swinging chin-dig. All the songs from my awesome movies and the groovy sixties that you love. So, whether you're looking for Mr. Right or just looking for Mr. Right Now, baby, this hip outfit's the one for you.

The Shags play all the songs from my awesome movies and the groovy sixties that you love. So whether you're looking for Mr. Right, or just looking for Mr. Right Now, baby, this hip outfit's the

one for you."

If you're in need of a swinging party you and your guests won't soon forget, **Awesome Powers and the Shagadelics** are exactly what the Doctor (Evil) ordered.

You never know, those naughty high calibre femme bots may show up too. But don't worry, baby, they're shooting blanks! Yeah, baby! Yeah! The musicians in the Shagadelics have time-traveled in from across the universe to join forces with Awesome and Doctor Evil ...

The band is remarkably versatile, specializing in 60's, 70's and even current music that is typically featured in all 3 Austin Powers movies.

Most of the members of the band have had major touring/recording experience with some of North America's hottest acts including The Extras, Industrial Artz, Honeymoon Suite, Allen Frew, Amanda Marshall, The Spoons and Larry Gowan.

They have the versatility of up to 3 lead vocalists: "Austin", "Dr. Evil", and "Fat Bastard", and are able to provide a variety of self-contained services. From emceeing/character walkabouts, to even "opening up" for themselves (out-of-costume) i.e. acoustic duo dinner music or band top 40 🎵 they have all the bases covered in one efficient and versatile entertainment package!
