## **Bio**

Hailed by critics from coast to coast, Ron James is Canada's #1 comedian, consistently packing theatres across the country for almost 20 years with his marathon side-splitting stand-up comedy performances. Ron has been called "a man of a million words and million laughs", by *The Globe and Mail*; "explosively funny", by *The Chronicle Herald*; and "the funniest man in Canada" by *The Victoria Times Colonist*, among countless other accolades.

This verbal gymnast marries a comedian's eye for satire with a writer's ear for language, during his non-stop roller-coaster ride that cuts a wide swath through contemporary culture with razor sharp wit, uncompromising standards and a unique, poetically honed delivery making him a stand-out amongst stand-up comedians.

Ron has written and starred in a record breaking nine one-hour CBC comedy specials, created and starred in two television series, (*Blackfly* and *The Ron James Show*) and been nominated for two Canadian Screen Awards.

His first book, *All Over the Map*, was published by Random House in 2019.
