Bio

Dr. David Suzuki has made it his life's work to help humanity understand, appreciate, respect and protect nature. A gifted interpreter of science and nature, Dr. Suzuki provides audiences with a compelling look at the state of our environment, underscoring both the successes we have achieved in the battle for environmental sustainability, and the strides we still have to make if Earth will remain a welcoming home for all nature's creatures. Both inspiring and realistic, he offers leading-edge insights into sustainable development and model for a world in which humanity can live well and still protect our environment. [\[morelink\]](#)
