Educational & Entertaining Animal Outreach Program (Toronto)

<https://www.kmprod.com/muskoka-wildlife>

Show Description

Speaking of Wildlife is a "hand's on" wildlife educational experience that specializes in providing a uniquely interactive approach to endangered species.

This 35-40 minute presentation is both entertaining and informative appealing to young and old alike, taking the audience through a variety of topics including the social structure, unusual adaptations, hunting habits, and environmental threats affecting each of our animal friends. Presentations may include anywhere from 5-7 wildlife guests. [morelink]
