Bio

Bill Taylor shows business leaders a path forward from now to what's next in a world filled with non-stop disruption. A spirited and hard-charging entrepreneur, Taylor co-founded *Fast Company*, easily the most influential magazine on business and innovation in the last two decades. Highlighting leaders and companies that are upending their organizations and industries is Taylor's passion – and he had a front-row seat. Today, Taylor continues to inspire a generation of executives and company-builders to think differently about leadership, change, culture, and the new world of work. [morelink]
