Bio

Dr. Brynn Winegard is an award-winning professor and expert in business-brain sciences. She specializes in explaining everyday work and life phenomena using the secrets of brain science, all with aim of making her audiences happier, healthier, more successful and in helping clients build better business brains. Currently ranked as one of the top three human behavior thought leaders in North America, and after a decade in corporate marketing and a career as a business professor, Dr. Brynn now uses her extensive background to educate audiences around the world about the power of brain science in the buyer-seller relationship.

She combines real-world experience with frontier research to deliver impactful programming that will be sure to please your audiences and elevate your business goals. Speaker Dr. Brynn's clients are some of the world's top companies, including Google, Coca-Cola, Toyota, Pfizer, Johnson & Johnson, Nestle, USAA, Franklin Templeton, Raymond James, Georgia Pacific, among hundreds more.

She retains positions as faculty at the Schulich School of Business, DeGroote School of Business,

the University of Guelph, and she is dedicated to helping people better themselves personally and professionally through her talks on “Building Better Business Brains.”

As a keynote speaker, Dr. Brynn’s presentations intersect with business and brain science. She has been a consultant to some of the world’s top companies, including Google, Coca-Cola, Toyota, Berkshire Hathaway, the Bill & Melinda Gates Foundation, and she combines real-world experience with frontier research to deliver impactful programming.

Ultimately, Dr. Brynn Winegard is on a mission to help audiences around the world use their brains better so they can realize their full potential at work, in everyday life and business.
