Ontario Science Centre (OSC)

Delve into the fascinating world of science with our team building activities at the Ontario Science Centre.

This immensely popular facility features over 800 exhibits spread throughout 13 eclectic exhibit halls. Teams will need to harness their brainpower as they search for answers to intriguing clues and puzzles scattered throughout the Centre during their Ontario Science Center team building event.

Don't have a corporate team full of science buffs? No problem. Your adventure will encompass a diverse range of topics including sports, space, technology, and music. You'll get the chance to learn the language of the chimpanzee, become an amateur acupuncturist, and join a Balinese band.

It's a great way to see everything the Ontario Science Centre has to offer. And you might just learn enough to pass yourself off as a science buff back at the office the next day!

If you would like to incorporate your Ontario Science Centre team building adventure into a bigger company function, the OSC offers an array of conference rooms and catering options to suit your needs.
